The procedure and requirements for the granting and keeping in force of licenses shall be as follows, to wit:

1. Any person desiring a license permitting him to keep livestock or poultry within the city limits shall file an application with the City Manager on a form provided by said Manager for that purpose. Said application shall among other things call for the name and address of the applicant, estimated average number and types of livestock or poultry to be kept, description of the structures and facilities to be used for the enclosure of the livestock or poultry and for the disposal of manure and debris incident to their maintenance and care, and the distance to the adjacent residence from the outside boundaries of the structure or fence in which the livestock or poultry are to be enclosed.

5. If he finds that the aforesaid regulations are violated, he shall prepare and file a statement of that effect with the City Clerk. The City Council shall then give ten (10) days notice by publication of a hearing. If after a hearing the City Council finds the aforesaid regulations have been violated, it shall then order the permit to be canceled. In addition to the cancellation of the permit, charges may be filed in Municipal Court against any person violating the term of this portion of the Chapter.
